Departments Adopt Non-Enforcement Policy on Drug Manufacturer Coupons

Below you will find a link to our alert on DOL FAQ #40, which describes the Departments' non-enforcement policy with respect to group health plans and health insurance issues that do not count a prescription drug manufacturer's coupons as participant cost sharing toward the ACA's out-of-pocket limit. The DOL issued this FAQ after questions were raised as a result of a recent HHS rule.

This alert is of interest to all employers, particularly those who sponsor large group or self-insured plans.
