Insights & Media

How to Prepare Your Virtual Teams for the Long Haul

Before the pandemic, there were no playbooks for how to convert a co-located team to 100% virtual in a matter of days and we're finding in our research that the conversion process — and the results — has differed substantially from team to team, even within the same organization.

Telemedicine— How It Is Changing Healthcare

The COVID-19 pandemic has put a spotlight on telemedicine (telehealth) and its value as part of an individual's and an employer's healthcare plan. Originally developed largely as a convenience for individuals, telemedicine is now nearly a necessity for both individuals and medical providers.

Employers Consider Changes to PTO Policies as Unused Vacation Days Accumulate

Companies are facing the dilemma about how to address employees' reluctance to take time off during this precarious time. Limited vacation options are keeping some employees at their real or virtual workstations.
